Marvin Braude, 11th District
Hal Bernson, 12th District
Michael Woo, 13th District
Richard Alatorre, 14th District
Joan Milke Flores, 15th District

With all of the greatness of our City, with all the glamour and wealth pictured in our skyline, it is easy to forget the fact that many of our citizens require a helping hand up from a system of social and public agencies.

The City's Community Development Department supports a network of over 130 agencies which serve the needs of 85,000 people annually. Unfortunately, many of the Federal and State funds which these programs have depended on are being drastically cut.

Tonight, as we launch the City of Los Angeles Foundation, we invite you to join us as we help to provide the necessary funds for these programs. We thank those donors from the private sector who are stepping up to fill the most urgent of human needs.

DOUGLAS S. FORD, CHAIRMAN
LOS ANGELES FOUNDATION, INC.

Throughout the history of our world, civilizations have perished, not because of the ravages of famine, flood, or other holocausts of nature, but rather because the people merely stopped caring.

The City of Los Angeles Commission on the Bicentennial of the United States Constitution, is using the four year period of the Constitution's Bicentennial to encourage all citizens to once again get involved with their government, to participate in their local civic life, to become informed and to speak for or against issues, to work for system changes they deem desirable, in other words, to care.

As the last notes sound on tonight's activities, we hope each of you will feel an invigorated determination to be a caring citizen. We cannot think of a more meaningful way to celebrate the Constitution's 200th birthday.

JUDGE M. PETER KATSUFRAKIS
CHAIRMAN,
CITY OF LOS ANGELES COMMISSION
ON THE BICENTENNIAL OF THE
UNITED STATES CONSTITUTION

It is a pleasure to join you tonight as we launch the City of Los Angeles Foundation, and celebrate the Bicentennial of the United States Constitution.

The spirit of Los Angeles has been musically developed to showcase the richness of our cultural and ethnic diversity by entertainment groups which represent 30 different ethnic groups. This evening will make each of us be proud Americans, as we majestically salute the Constitution's 200th birthday, while pausing for a moment to consider the needs of our neighbors. Thank you for being a part of tonight's celebration.

TOM BRADLEY, MAYOR

When the City of Los Angeles comes together to launch the newly created City of Los Angeles Foundation and to give a party "for the people, of the people and by the people" to celebrate the United States Constitution's bicentennial, you can count on an entertainment extravaganza.

I am so pleased that this pageant, made possible by the efforts of the City of Los Angeles Foundation, Inc. and the City of Los Angeles Commission on the Bicentennial of the U.S. Constitution, and supported by the donations of so many generous sponsors could be enjoyed by so many of our citizens.

On behalf of the entire City Council, I thank them and you for sharing this very special occasion.

JOHN FERRARO
PRESIDENT, CITY COUNCIL

CITY OF LOS ANGELES FOUNDATION, INC.

A PUBLIC - PRIVATE PARTNERSHIP

The City of Los Angeles Foundation, Inc. is a unique and innovative bridge linking the public and private sectors in a cooperative effort to address the issue of declining Federal funds for human services programs. This progressive program is being implemented at a time when the need for services for the low income population of Los Angeles is skyrocketing, while funds from the government are being cut drastically.

The Foundation's goal is to raise private funds to maintain and enhance human services programming being administered by the Community Development Department (CDD). These services are provided through a network of approximately 130 community based organizations, selected by competitive review, with a well-established track record of community service. This network has been in existence for more than fifteen years and supplies funding for programs such as: education and shelter for the homeless, child care, battered women's programs, gang diversion programs, legal and immigration services, senior citizen's services, health-related services, programs for the disabled and emergency food and nutritional programs.
